

Dragons and Unicorns

Materials:

T.P tube,
paint (green for dragon, white for unicorn)
google eyes
2 Pom Poms
streamers
**If you don't have streamers,
use cut up tissue paper!*

How to:

- Paint the T.P tube (green for dragons, white for unicorns)
- While that dries, cut the streamers in half. You will need about 10 strips in total
- Paint eyes on unicorn.
- Glue Pom Poms on dragon. Glue googly eyes on top of Pom Poms.
- Working around the opening of the T.P tube, glue the streamers to the inside edge. Alternate the colors.
- Blow into T.P tube to make streamers move!
