

Gimp Bracelets

Materials:

Scissors, 2 beads, 1 piece of gimp- 2x circumference of wrist, 1 piece of gimp- 1 wingspan

Procedure:

Find the center of the shorter string and fold in half.

Fold the longer string (yellow) so one section is as long as the folded shorter string (blue).

Tie strings together where folded.

Tape down each piece of string.

Use the longer piece of string to weave in between the shorter strings.

Do this until bracelet is long enough.

Add two beads at the bottom to tie off.
